BANYAN GOLD IN OUR COMMUNITY

"We are grateful for the continued support of our community, in our seventh year of exploration."

This summer, as our region faced the challenges of ongoing wildfires, I'm proud that Banyan was able to support our district by housing the dedicated wildland firefighters who worked tirelessly to protect our communities. Our commitment to our host community of FNNND remains strong, and we stand united in our shared responsibility to safeguard the well-being of all. At Banyan, the relationships we have with First Nations, local communities, stakeholders, contractors, and workers are at the heart of everything we do. I want to share my heartfelt appreciation for everyone who helps make Banyan a success. Our amazing team, the community of Mayo, and all the local partners and suppliers; we could not exist without your support. Mahsi Cho!

- *Tara Christie*, President & CEO, Banyan Gold

MEET OUR TEAM

KAI WOŁOSZYN
VP PROJECT DEVELOPMENT

Job description: Lead engineering, environmental & metallurgy studies

Education: Undergraduate Degree - Bachelor of Science - Double Major in Chemistry and Earth and Ocean Sciences

Why did you choose this career? I love the outdoors and have a passion for science, which is why I chose to build a career that unites both. The idea of being out in the field, immersed in nature, while developing projects that prioritize and protect the environment, fuels me every day. It's a path that allows me to bring my passions to life, blending discovery with conservation.

Your favourite thing about your job? I feel incredibly grateful to work in the community where I'm raising my children. The Yukon holds a special place in my heart—with its vibrant culture, deep-rooted connections, and an undeniable spirit that inspires learning and collaboration. This job gives me the unique opportunity to engage with local community members, building relationships and create a positive impact where it matters most.

YUKON CHAMBER OF MINES MEMBER AWARD

Tara Christie was awarded the **2023 Yukon Chamber of Mines Member Award** for contributing toward the development of healthier communities, protecting the natural environment & helping to develop a vibrant economy for present and future generations. Congratulations, Tara!
