

Core Cutter – 2026 Seasonal Contract

Banyan Gold Corp. is a publicly traded (TSXV: BYN; OTCQB: BYAGF), Canadian mineral exploration company focused on advancing its flagship AurMac Gold Project in Yukon, Canada, located near the remote community of Mayo, YT. AurMac is Banyan's primary asset and hosts a substantial mineral resource, with an Indicated Mineral Resource of 2.274 million ounces of gold (112.5 Mt at 0.63 g/t) and an Inferred Mineral Resource of 5.453 million ounces of gold (280.6 Mt at 0.60 g/t), and benefits from excellent infrastructure including highway access, grid power, and telecommunications. In addition to AurMac, Banyan holds the Nitra Gold Project, contiguous with AurMac within the Mayo Mining District, and the Hyland Gold Project near Watson Lake along the Tintina Gold Belt. Banyan's portfolio offers significant exploration potential and is located within established Yukon mining districts, where Banyan advances its work with a focus on responsible development and collaboration with local First Nations.

POSITION SUMMARY:

Reporting to the Senior Geologists and Project Geologists, the **Core Cutter** will be primarily responsible for supporting advanced-stage exploration activities at the AurMac Project in central Yukon. This is a fly-in/fly-out, site-based role on a regular rotational schedule for the duration of the 2026 Exploration Program running from March through November.

The key responsibilities of this role include cutting and splitting drill core using manual or automated diamond saws, preparing and labeling samples, and maintaining accurate organization and tracking of processed core. The role supports efficient core shack operations by upholding high standards of accuracy and quality, lifting and moving core boxes, and assisting geologists and geotechnicians with a range of core shack and field tasks. Additional duties may include moving pallets of core using a skid steer or pallet jack, troubleshooting sampling issues, and supporting other exploration activities as required.

The ideal candidate will demonstrate a strong commitment to workplace health and safety, along with the ability to complete complex tasks accurately under time pressure. They will be capable of following detailed instructions while proactively anticipating additional guidance and tasks assigned by the logging geologists.

Location: AurMac Project, near Mayo, YT **Rotation:** Flexible rotational schedule (2/2 or 3/2)

Duration of Contract: March 1, 2026 to November 15, 2026

RESPONSIBILITIES:

- Complete consistent and accurate cutting and sample preparation of drill core
- Ability to operate and maintain mechanized equipment (i.e. saws and tools) in a safe manner
Work closely with the team to complete work in an organized, efficient, and timely manner
- Perform repetitive, detail-oriented tasks for extended periods of time
- Operate with a high degree of flexibility under demanding workloads and time constraints
- Actively contribute to our strong safety culture by ensuring all exploration activities are carried out in full compliance with Banyan's Health and Safety policies and Environmental Sustainability standards.
- Perform other duties as assigned

**QUALIFICATIONS:**

- Previous experience in a similar role is preferred, however on the job training will be provided
- Strong attention to detail with the ability to accurately follow verbal and written instructions
- Willingness to seek clarification and guidance from supervisors when procedures or tasks are unclear
- Physically capable of safely lifting, carrying, and handling core boxes and other items weighing up to 50 lbs.
- Demonstrated ability to work with a high degree of flexibility, adapt effectively to a fast-paced and high-demand work environment
- Ability to work independently and with minimal supervision.
- Outstanding communication and time management skills
- Ability to work in challenging physical environments in all weather with the physical ability required for working in mountainous terrain and harsh winter conditions
- Ability to work and live in a remote camp setting for extended periods
- Legally entitled to work in Canada
- Valid Canadian Class 5 Driver's License
- Valid Level 1 First Aid Certification

COMPENSATION: Competitive day rates based on experience level + Daily Production Bonus + End of Season Bonus. All travel expenses, as well as room and board on site are fully paid.

****Preference will be given to candidates based out of Yukon Territory.***

HOW TO APPLY: Please submit your resume with the email subject line "**Core Cutter**" to **careers@banyangold.com**. Thank you to all applicants for their interest and effort in applying for this position. Only candidates selected for interviews will be contacted.

Banyan Gold Corp. is an equal opportunity employer and is committed to fostering an inclusive, diverse, and respectful workplace.
