

Core Cutter/labourer

August 19, 2025

Banyan Gold Corp. ("Banyan") is a TSX Venture mining company focused on advancing its AurMac Gold Project, near Mayo, Yukon adjacent to Victoria Gold's Eagle Gold Mine. To learn more about Banyan, visit www.banyangold.com.

Job Description

Banyan is looking to hire a **Core Cutter / General Labourer** at our AurMac Gold property located in Mayo, YT to join our team for the 2025 mineral exploration season. The primary duties of this position will be splitting core using a diamond saw, bagging and tagging the cut samples, and organizational management of the cut samples. Other duties may include, but, are not limited to moving pallets of core using skid steer or pallet jack, troubleshooting sample issues, and assisting geologists and geotechnicians with various core shack and field activities.

This position will be field based and begins immediately and the season will run until approximately mid November 2025 and resume in February 2026 for the 2026 field season. This is a full-time contract position with opportunities for career advancement in a growing company.

This is an exciting opportunity to be a part of our dynamic team as it grows and to work on our extensive exploration portfolio. Banyan continues to push discovery at AurMac as we explore a potential Tier-one gold deposit.

Main Tasks and Responsibilities

- Ensuring the safety of the individual and co-workers at all times
- Cutting diamond drill core with core saws and ensuring accuracy and consistency of sampling as laid out by the logging geologist
