

Job Posting – Environmental Monitor (FNNND Citizens)

Employer: Banyan Gold Corp.

Project: AurMac Gold Project

Location: Mayo, Project site located 40km north of Mayo, and surrounding Traditional Territory

Eligibility: Open to Citizens of the First Nation of Na-cho Nyäk Dun (FNNND)

About the Opportunity

Banyan Gold Corp. is seeking Environmental Monitors from the FNNND to support environmental monitoring and information sharing during exploration activities at the AurMac Gold Project.

This role supports responsible environmental stewardship and provides an opportunity for FNNND citizens to participate directly in observing and documenting environmental conditions on the land. Environmental Monitors help ensure exploration activities are carried out in accordance with permits, environmental protection measures, and commitments made to FNNND. This is a collaborative monitoring role, focused on observation, communication, and early identification of environmental or cultural concerns.

What You Will Do

- Observe exploration activities and environmental conditions on site
- Monitor water, wildlife, fish, vegetation, waste management, fuel storage, and general site conditions
- Record observations and report concerns to the Environmental Manager
- Support respectful conduct by contractors and site staff
- Share observations and community perspectives with the Community Engagement Manager
- Follow all safety procedures while on site

Who Can Apply

- Citizen of the First Nation of Na-cho Nyäk Dun
- Interested in protecting the land and environment
- Comfortable working outdoors in remote conditions
- Able to communicate observations clearly and respectfully
- Willing to complete required training

Training and Support

Banyan will provide training and ongoing support, including:

- Site safety and orientation
- Environmental monitoring procedures
- Spill response and incident reporting
- Use of monitoring forms and tools
- Mentorship from the Environmental Manager and Community Engagement Manager

Why This Role Matters

Environmental Monitors play an important role in helping ensure exploration activities are carried out responsibly, safely, and in a way that respects FNNND values and land stewardship. This role supports transparency, trust, and early identification of environmental concerns and performance.

How to Apply

FNNND citizens who are interested are encouraged to submit a resume and brief cover letter outlining their interest and relevant experience. Applications can be submitted to careers@banyangold.com.

Banyan welcomes conversations about the role prior to application and is committed to a respectful and inclusive hiring process. For further information regarding the role please contact Kai Woloshyn, VP Project development, at 867-334-3614 or kwoloshyn@banyangold.com.
